

in collaboration with

Centro di Simulazione Numerica Avanzata – CeSNA
Istituto Universitario di Studi Superiori

Spline methods

1. Univariate splines

- ✓ B-splines
- ✓ knot insertion
- ✓ interpolation

2. Further approximation properties

- ✓ variation diminishing
- ✓ quasi-interpolants

3. Multivariate splines

- ✓ tensor-product
- ✓ splines on triangles and tetraedra
- ✓ LR-splines

Orario lezioni:

Mart. 19 ore 14:00-17:00, Aula 8 (*)

Merc. 20 ore 9:30-12:30, Aula 8 (*)

Giov. 21 ore 14:00-17:00, Aula 4 (*)

(*) Nuovo Polo Didattico - Via Ferrata, 1 - Pavia

Prof. Tom Lyche
Centre of Mathematics for Applications
University of Oslo
19-21 February 2013
